Folks,

I'll check the status of the park right away. We need to apply the same formula that was successful in January. Thanks.

All,

Not sure who to contact or what the protocol is to address the camp situation at the center these days so trying all of you. We've been calling the nonemergency LAPD number but not seeing anything.

There's been a resurgence of campers at the park. Of course during the rains we tend to look the other way for a few here and there. But of course, within a few days a few infrequent instances turn into a daily growth of tents and activity at the park.

Also, there's been a few guys that go into the park at night, store their belongings on the roof. A few that sleep in the children's playground.

There's also an increase in people living in their cars on the surrounding streets — more than just the regulars like mama carol in the minivan. One includes a mom and young daughter.

A few months back we were told CENTCOM was to address this and be set up at the Hollywood city hall but haven't been able to locate them.

Please let us know who to contact and will be following up with us to address this resurgence.  
 Cc'ing a few neighbors — Anthony, Durand, and Nohemy.

Thank you  
Susan
